

Draft

2011

The Below Named Organisation supports the National Coasteering Charter group which seeks to establish high standards for operating coasteering activities in the UK. To retain our membership to the group we agree to the following:

- We have signed up to, and therefore agree to operate with due regard for the recommendations contained within the [Good Practice for Coasteering Providers](#) and [Base Level Skill and Competencies for Coasteering Guides](#) working documents as agreed on by the National Water Safety Forum coasteering working group and NCC group.
- We will use NCC as a forum for sharing incidents and near misses where appropriate in order to learn and develop best practice.
- We will attend / send a regional representative to NCC annual meeting.
- We will show consideration for members of the public and abide by countryside access legislation.
- We will avoid damage to sites and minimise any disturbance to wildlife, in accordance with the Coasteering Code of Conduct and relevant wildlife legislation.
- We will continue to help develop the National Coasteering Charter and will encourage others to adopt it.
- We will inform our customers that we are members of the National Coasteering Charter.
